HAS ANYTHING CHANGED IN THE LAST 50 YEARS?

F I G U R E I T O U T

W I T H D R . D A V E N E W T O N

Session-15 Monday January 19<sup>th</sup>

*Modern Global Military Tech and Standing Armies*

Part-1    *What's Already Here? and What's Coming Next?*

# **LAST WEEK: Advanced AI Tech**

## **Israel's 70<sup>th</sup> 7-Years**

## **How will Globalism be Enabled**

**TONIGHT:** Advanced Tech in Modern Military  
Helps Interpret Bible Prophecy

Are there specific terms, names, concepts in End Times  
Scripture passages that CAN BE best understood thru  
the lens of Modern Military Hardware and Software?

# Modern Military Tech

## Tech-Advances with impacts on Bible Prophecy Interpretation

Artificial Intelligence [agentic AI] has 8 major applications

- Training + Simulations
- Logistics & Supply Chain
- Cybersecurity
- Autonomous Systems
- Smart Weapons
- Intelligence Surveillance Reconnaissance [ISR]
- Predictive Maintenance
- Command + Control

*Much of the Biblical prophetic accounts that address Military, Armies, Weapons HAVE to be interpreted relative to Operational Logistics for the sheer numbers of soldiers, Geographic Size and Scope of the military engagements, and Resultant Casualties in the aftermath impacts.*

# Modern Military Tech

## Tech-Advances with impacts on Bible Prophecy Interpretation

**Example-1:** *Jeremiah 50:9 a horde of great nations from the northernmost lands  
they will draw up their battle lines their arrows will be like an expert warrior  
that does not return in vain*

Could this be modern "smart weapons" or "radar-computer-guided missiles"?

<i>draw battle lines</i>	= prepare/pre-set the ordered configurations
<i>Arrows</i>	= piercing sharp projectile shaft or <b>thunderbolt</b>
<i>Expert</i>	= acting wisely 'Smart'
<i>Not return</i>	= is not turned back
<i>In vain</i>	= without the intended impact or effect

*They prep their pre-set configurations so their smart projectile-shafts do not  
return without having met their intended impact*

# Modern Military Tech

**Tech-Advances** with impacts on Bible Prophecy Interpretation

Artificial Intelligence interpretation of **Jeremiah 50:9**

## Aegis Combat System

Advanced AI computers  
fully integrated with  
“real-time” radar  
tracking-guidance for  
precision targeting  
within **2 meters**

# Modern Military Tech

Artificial Intelligence has 6 key military applications:

1. **Human-Machine Filtering** interaction removes ‘noise’ focuses on actionable intel
2. **Autonomous Systems** function adapting to unique/individual situations
3. **Multi-Domain Operations MDO Battle Management** superior ‘real-time’ field awareness by analyzing, synthesizing, and acting on huge/vast incoming data from land, air, sea, cyber, and space domains
4. **Intelligence Gathering & Analysis IGA** processes large, disparate datasets to detect identifiable non-random patterns such as enemy preparations for offensive operations and accelerating the intelligence cycle for decision making
5. **Course of Action COA Mission Planning & War Gaming** rapidly generates, simulates, and evaluates thousands of possible COAs in virtual environments [digital twin] to optimize strategies before execution
6. **Robotic Swarms** unmanned vehicles cover skies and landscapes info processing

# Modern Military Tech

## Tech-Advances with direct impacts on Bible Prophecy Interpretation

### Drone Swarms

Advanced AI computers fully controls huge [literally hundreds] group-deployments of drones for highly coordinated missions - frees up human pilots to focus on strategy

# Modern Military Tech

## Artificial Intelligence in military applications

### Predictive Targeting Systems

AI-simulated  
'real-time'  
range of  
outcomes

**How AI-Driven Targeting Systems  
are Enhancing Multi-Domain  
Surveillance and  
Fire Control Capabilities**

[www.defence-industries.com](http://www.defence-industries.com)

# Modern Military Tech

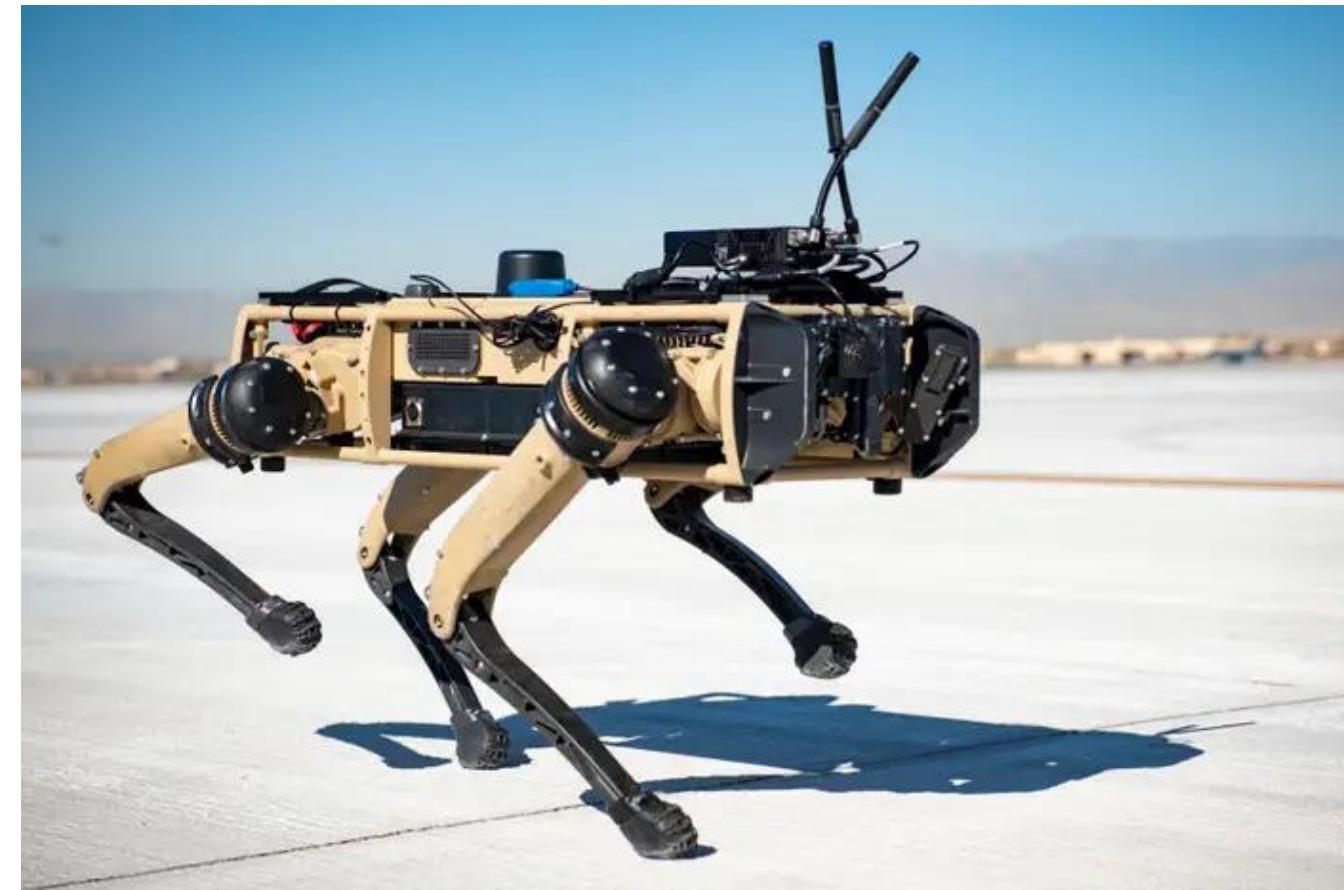

## Artificial Intelligence military applications

### Robotic Reconnaissance

robotic dogs Q-UGVs

[quadrupedal unmanned  
ground vehicles] or

are increasingly being  
deployed for advanced  
reconnaissance, surveillance,  
and target acquisition [RSTA]  
in high-risk environments

# Modern Military Tech

## Artificial Intelligence military applications

### AI-Powered Real-Time Language Translation

2-way speech-to-speech translation tools enable combat teams to instantly communicate with foreign counterparts as well as local populations

# Modern Military Tech

## Tech-Advances with direct impacts on Bible Prophecy Interpretation

Artificial Intelligence robotics in action?

**Joel 2:2** *great and mighty people - there has never been anything like it  
nor will there again* to the years of many generations

Why/How are these ‘mighty ones’ so distinguished?

- 2:3** *fire consumes everything in front of their advances  
and flames burn behind them - beautiful land like Eden as they advance  
but then desolate wilderness left after they pass thru*
- 2:4** *their appearance/arrival on the scene is rapid-swift like a horse  
and they [these might ones] are able to run like war-horses*
- 2:5** *with loud noise they can leap onto the tops of mountains  
with crackling flames they are arrayed for battle*
- 2:6** *people are in anguish and faces go pale as they advance in battle*

# Modern Military Tech

## Tech-Advances with direct impacts on Bible Prophecy Interpretation

### 1. Artificial Intelligence has multiple applications

**Joel 2:7** they can run very fast and **climb right up walls**

they march in **perfect lined-order and never deviate** from that alignment

**2:8** they don't crowd each other

they march and **advance in perfect formation**

and they do not break their ranks **as they break thru defenses**

**2:9** they rush the city and **run straight up the walls**

they climb directly into houses entering windows like a thief

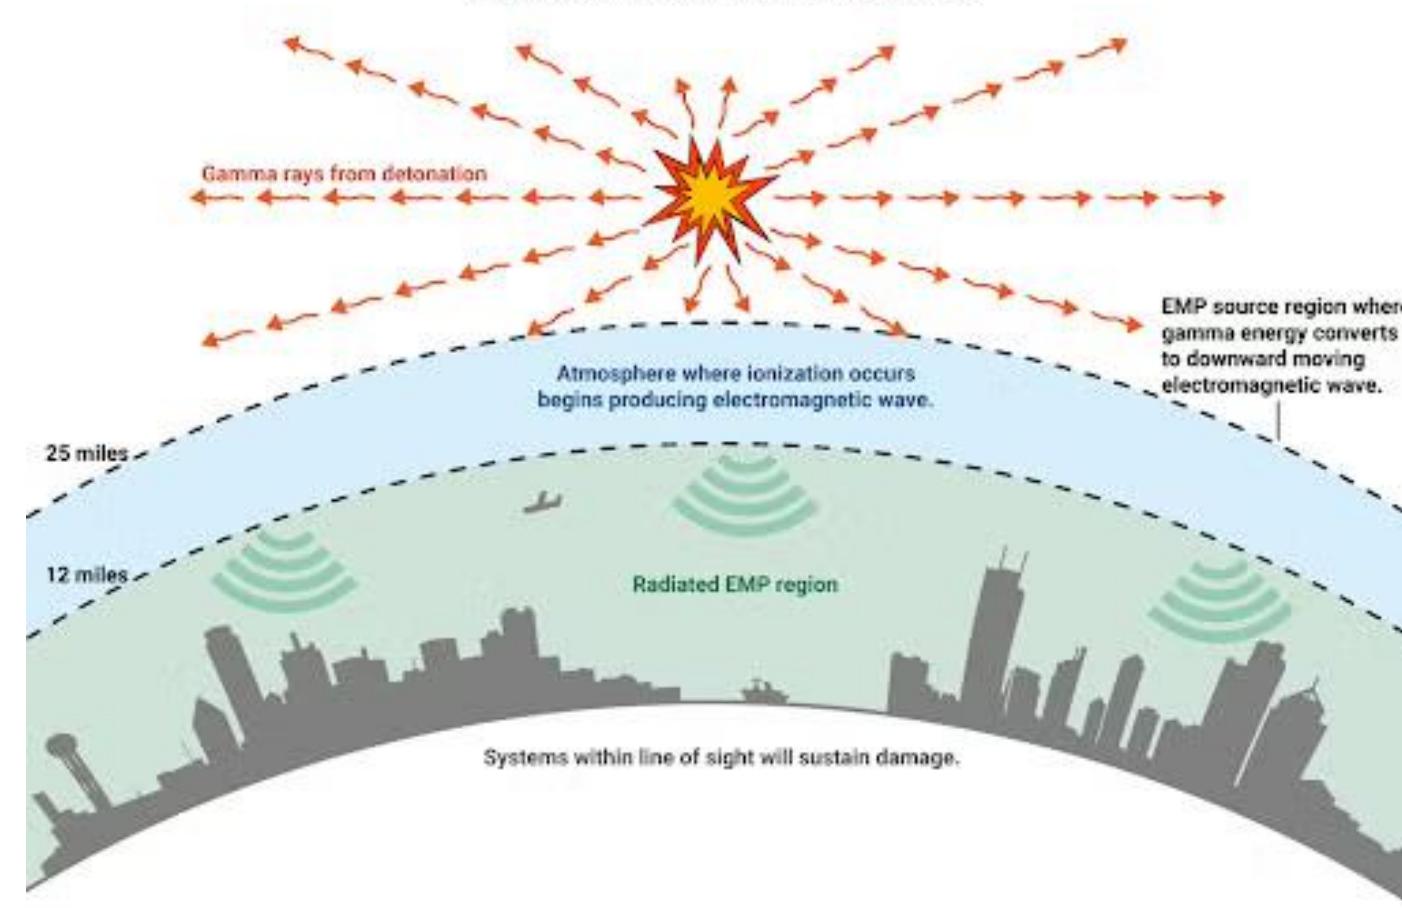

**2:10** before they arrive **the ground shakes** and the **skies vibrate**

the sun and moon are blackened and no stars are visible

**2:11** this 'Day of the Lord' is very great, who can possibly stand against this?

# Modern Military Tech

## HIGH-ALTITUDE EMP DETONATION

# Modern Military Tech

**Ezekiel 38:17-20** *Thus says the Lord God, “Are you the one of whom I spoke in former days thru My servants the prophets of Israel who prophesied in their days for many years that I would bring you against them?*

**Brings to mind Amos 7:1-3 another from 760-755 BC = 175 years prior**

*on that day, when **Gog** comes against the land of Israel My fury will mount up in My anger - in My zeal - in My blazing-fire wrath I declare that **on that day** there will surely be **a great earthquake in the land of Israel** [worldwide] **the fish of the sea, birds of the heavens, beasts of the field, all the creeping things will shake at My presence - the mountains also will be thrown down the steep pathways will collapse and every wall will fall to the ground***

**Could this be nuclear concentric sonic-reverberations?**

# Modern Military Tech

## Ezekiel 38:1-6

*The word of the LORD came to me saying, “Son of man, set your face toward Gog of the land of Magog, prince of Rosh-Meshech-Tubal and prophesy against him and say, ‘Thus says the Lord God, “Behold, I am against you, Gog, prince of Rosh, Meshech, Tubal*

*I will turn you about and put hooks into your jaws - I will bring you out,  
and all your army **horses and horsemen all in armor**  
a great company with **buckler and shield**  
all **wielding swords***

# Modern Military Tech

## Ezekiel 38:1-6

- *I will bring you out and all your army* **Huge Force**
- *horses and horsemen* Fast moving entities with drivers
- *all expertly clothed for battle* Body armor with integrated IT
- *great company* **Huge Military force**
- *buckler and shield* **Large armored-shields that pierce**
- *wielding swords* **Skillfully handling sharp-cut tools**

**Ezekiel** uses 6<sup>th</sup> Cent. BC words for 21<sup>st</sup> Cent. AD military hardware/software.

**1611 KJV:** horses swords shields bucklers spears - could not conceive of:

- *Armored personnel carriers [APCs]*
- *Attack helicopters*
- *Radar guided cluster ordnance*
- *Drone Swarms*
- *AI real-time target tracking*
- *Jet fighters /Air support*
- *SAM batteries*
- *GPS guided smart bombs*
- ***Robotic RSTA***
- *Ordnance simulations*

# Modern Military Tech

**Reminder: NO ancient Hebrew words to describe 21<sup>st</sup> Century warfare**

- **horses** **soos** = Rapid-moving, Swift-leaping, Fast-flight

some Hebrew scholars **O·IO** like side-view of tank, APC, jeep, Hummer wheels

- **horsemen** **פָּרָשׁ** **parash** = Driver/Rider/Pilot of 'soos'

Perhaps he saw **fast-moving APCs with swift aerial support overhead**

# Modern Military Tech

**Jeremiah 4:9-13** In **THAT Day** the heart of the king and princes will fail, the priests will be appalled and the prophets astounded . . . judgment is coming to this people and Jerusalem, a strong wind not to winnow or cleanse, but to judge as **the attackers go up in clouds**, and **chariots like a whirlwind**  
**the soos OIO** are **faster than eagles**, woe to us, we are ruined

Consider seeing drones, copters, jet fighters maneuvering in the clouds overhead  
chariots **Merkavah** מְרֻכָּה rapid-deploy tanks kick up lots of swirling dust

Similar to **Nahum 3:16-17** speaking both of Ninevah and prophetically to the Lord's inclusion of Ethiopia, Put, Egypt, Lubim [like Ezekiel's Ethiopia, Put, Egypt, Cush]

# Modern Military Tech

## Tech-Advances with impacts on Bible Prophecy Interpretation

- Training + Simulations
- Logistics & Supply Chain
- Cybersecurity
- Autonomous Systems
- Smart Weapons
- Intelligence Surveillance Reconnaissance [ISR]
- Predictive Maintenance
- Command + Control

4<sup>th</sup> 5<sup>th</sup> 6<sup>th</sup> and 7<sup>th</sup> Century BC prophetic writers describing *still-far-future* advanced military weapons, vehicles, devices, AI-enabled military maneuvers  
**WITH TIME-LIMITED VOCABULARY**

1611 King James translators knew of military **VERY similar** to ancient Hebrew texts so they stayed with what they knew . . . but 725 BC and 1611 AD could still not conceive of 21<sup>st</sup> Century Modern Military Technologies  
**that now make literal interpretation of Bible Prophecy even more likely!!**
